

# Basil AL-anazi

Data Scientist

500759722  
basilsaadanzi@gmail.com  
Kingdom of Saudi Arabia

## SUMMARY

Data Science professional with a strong foundation in data analysis, SQL, and machine learning. Skilled in extracting actionable insights from complex datasets and developing predictive models to support data-driven decision-making. Proficient in leveraging statistical techniques and data visualization tools to communicate findings effectively. Committed to continuous learning and applying analytical skills to drive innovation and optimize business processes.

## EDUCATION

<b>Data Science</b>	06/2021 - Present
Hafar-ALbatin University - Bachelor's	
DSC212: Data Structures and Algorithms	
Gained hands-on experience in designing, analyzing, and implementing efficient data structures and algorithms, enhancing problem-solving skills and computational efficiency.	
DSC102: Python Programming	
Developed proficiency in Python for data analysis, including mastering key libraries like Pandas, NumPy, and Matplotlib for data manipulation and visualization.	
DSC211: Applied Data Science	
Applied data science techniques to real-world datasets, utilizing tools such as machine learning algorithms, statistical methods, and data visualization to extract actionable insights and support data-driven decisions.	
DSC385: Data Visualization	
Explored various data visualization techniques using to create meaningful, visually appealing representations of complex datasets, aiding in data interpretation and decision-making processes.	

## SKILLS

Power Bi	EXCEL	
Data Visualization	Python	
Data Cleaning and Preprocessing	SQL	Expert
